

May 8, 2012

Dear Valued Customer,

Please be advised that we have received another round of letters from many manufacturers announcing June price increases citing the escalating costs of raw material and transportation as the reasons. These increases impact the following core product categories:

- Steep Slope Roofing and Accessories
- Low Slope Roofing
- Metal Roofing and Accessories
- Windows

Based on these increases, ABC Supply will be raising our prices effective **June 11th**. We anticipate increases ranging from 4% to 9% depending on the product. We will be reviewing the impact of these increases on our product lines and adjusting our prices on a product-by-product basis as necessary.

It has been our policy to work closely with manufacturers and customers alike. If you have a price quote situation or any issues or concerns that need to be addressed, please contact your local ABC Supply sales associate.

At ABC we strive to make your job easier and we appreciate your business!

Respectfully,

Tom Becerra
North Texas District Manager
